

**State Indoor Radon Grant (SIRG)
Reporting Template
EPA Region III**

Radon and Homes

Reporting Codes	Radon Code Definitions	Total	
RHC1	Homes tested for radon	40,582	This represents distinct addresses.
RHC2	Homes tested for radon during real estate transactions	?	We do not collect this information.
RHC3	Homes mitigated for radon	4,746	
RHC4	Homes built with radon-reducing features	85	This is an estimate based upon our calls to townships that have adopted App. F.

Radon and Builders

Reporting Codes	Radon Code Definitions	Total	Details
RBC1	Builders including radon-reducing features in all houses	?	We do not collect this information.
RBC2	Builders including radon-resistant features in Zone 1 houses	?	We do not collect this information.
RBC3	Builders including radon-reducing features in Zone 1 & 2 houses	?	We do not collect this information.

Radon and Government

Reporting Codes	Radon Code Definitions	Total	Details
RGC1	Municipalities adopting radon-reducing code language	0	We reported 12 from our last EPA report (Oct. 1, 2015 - Mar. 31, 2016). We know of none since then.
RGC2	Counties adopting radon-reducing code language	0	
RGC3	State adoption of radon-reducing code language	0	

Radon and Schools

Reporting Codes	Radon Code Definitions	Total	Details
RSC1	Schools tested for radon	60	This would include 5 elementary, 1 middle, 4 high schools. 35 private/boarding schools. 12 Colleges, 1 daycare, 1 private school, and 1 intermediate unit.
RSC2	Schools mitigated for radon	2	1 high school and 1 college.
RSC3	Schools built with radon-reducing features	?	We don't collect this information.

Radon and other Buildings

Reporting Codes	Radon Code Definitions	Total	Details
ROC1	Other buildings tested for radon	10,966	
ROC2	Other buildings mitigated	74	
ROC3	Other buildings built with radon-resistant features	?	We don't collect this information.

Radon Outreach/Education

Reporting Codes	Radon Code Definitions	Total	Details
OC1	# website hits or phone calls	18,735	This number represents 16,845 website views, 761 technical staff calls, and 1,129 calls to the 800 line.
OC2	Individuals with measured increase in knowledge (ex/ if a pre-class and post-class test was completed)	0	
OC3	Individuals committing to a behavior change (rarely used)	0	
OC4	Individuals demonstrating behavior change (rarely used)	0	
OC5	Individuals with reduced exposure to indoor contaminants rarely used)	12,050	This is the number of homes and buildings mitigated (4,820) times 2.5 people per home/building.
OC6	Individuals with documented health improvements (rarely used)	0	

Misc Radon Data

Note: These miscellaneous codes should be reported as # of publications, documents, press events, conferences, presentations, etc that were conducted. The # of people reached/educated/trained should be captured in OP5 or OP6 (training only).

Reporting Codes	Radon Code Definitions	Total	Details
ROP1	Radon test kits distributed (# kits distributed to residents during events, outreach efforts, phone calls, etc.)	3,538	This represents 3,304 test kits distributed by ALA to the "targeted" survey townships, 208 given to parents of newborns (The Newborn Program), and 26 for the Remedial Program.
ROP2	State, county, or local government creating or updating radon map.	0	
ROP3	# of radon testers certified/licensed by state certified by the state during this reporting period. (Can include total # in the details section)	92	This represents 15 new testing individuals and 62 testing individual renewals. One new testing firm and 10 testing firm renewals. Finally, Two lab individual renewals.
ROP4	# of radon mitigators certified/licensed by the state during this reporting period. (Can include total # in the details section)	31	Four new mitigation individuals, and 18 mitigation individual renewals. One new mitigation firm and 8 mitigation firm renewals.
ROP5	# of radon technicians certified/licensed by the state during this reporting period. (Can include total # in the details section)	N/A	We have testers, mitigators, and labs.
ROP6	# of other radon professionals certified/licensed by the state during this reporting period. (Can include total # in the details section)	N/A	We have testers, mitigators, and labs.
ROP7	# radon businesses inspected by the state	8	
ROP8	# public complaints received/resolved by the state	0	
ROP9	# of radon mitigation systems inspected by the state	1	

RO2	All other (anything not captured by all other codes; must contain details)	31	Enforcement actions: 29 Notice of Violations, and 2 Proposed Penalties.
------------	--	----	---

OP1	Publication (print and/or web)	0	
OP2	Technical Guidance document created	0	
OP3	Press/media event (# of events, not the # of people reached)	0	
OP4	Conference, workshop, presentation or training event (# of events, not # of people reached)	11	Region III Stakeholder Mtg., PSATS, SWEP Conf., DOH SLT Mtg., Lung Force, SERO Radon Mtg., Lancaster Gen. Hosp., SERO Radon Mtg., National Radon Mtg., SWRO School Facility Managers, and Kiwanis Club.
OP5	Individuals educated, including media campaigns, events, lit distribution, etc.	9,484	This includes 2,660 Citizen's Guides, 815 Consumer's Guides, 5,005 Home Buyer's Guides, and 650 What you Should Know about Radon distributed. Additionally, we estimate that 354 individuals were educated thru the list in OP4 above.
OP6	Individuals trained	33	The training provided by the ERRTC, which included six sessions on radon testing in schools and one session on RRNC in Allentown, PA.
OP7	Curricula or training course developed	0	
OP8	Free advertising provided	0
